Brushless Blender # 62
Green technology and high performance
Brushless motor & TiN blade

NEW
PERFECT FOR
SMOOTHIES

- Extremely silent
- Excellent energy efficiency
- Long lifetime

Internationally patented models

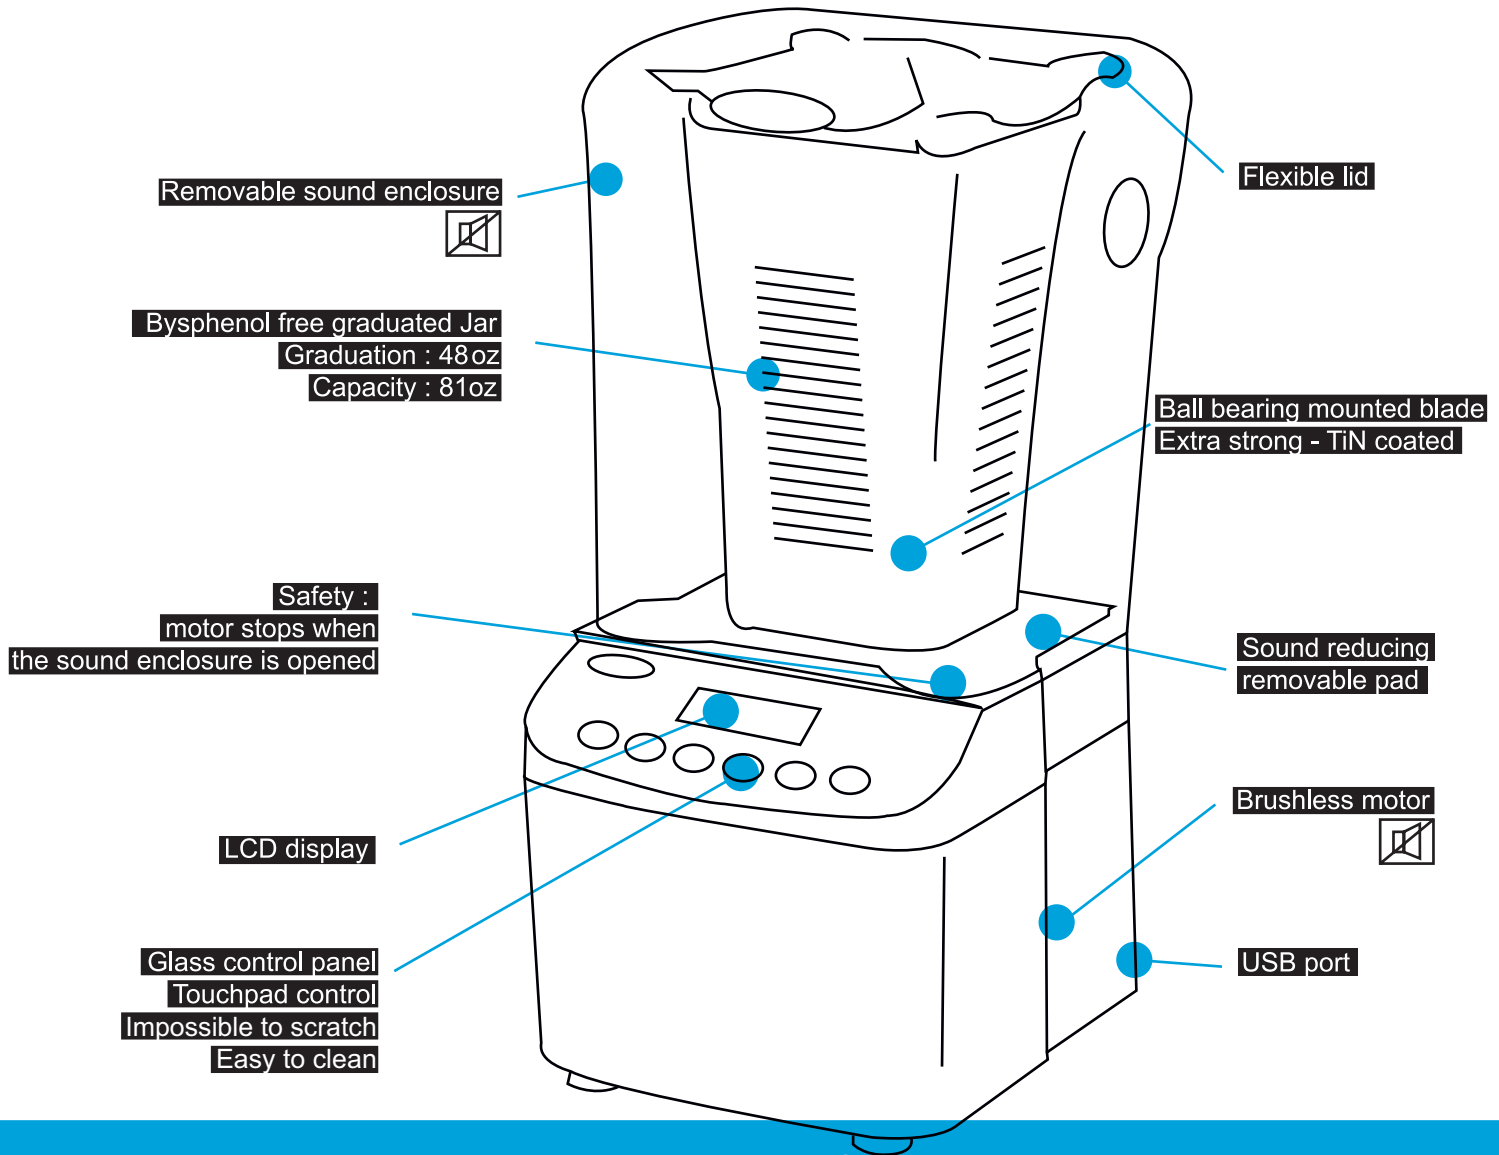

Blender for smoothies and iced drinks

You can make any kind of cocktails, smoothies, fruit juices, milkshakes, granitas, iced coffee frappe with the Blender #62. Ideal appliance for juice bars, fast food, hotels...

The Brushless Blender fits everywhere thanks to its sober design and its low overall dimensions.

It can be used equally in its standard version or in-counter version to save space.

Its sound enclosure reduces the noise levels and the brushless motor is very quiet.

What does brushless mean ?

Unlike universal motors, brushless motor has no brushes (permanent magnet rotor- which gives it a long lifetime (no wearparts), an excellent energy efficiency and a low noise level.

Light years ahead in terms of sustainable development.

In-counter
blender

The Brusless Blender can be used either in standard version or in-counter version (no additionnal option). Easy to fit into a counter: simple and quick dismantling of the base.
